Press Release

August 15, 2022

iLevel Management Inc. is thrilled that Stephanie Craig has joined our team as Account Manager GTA. Please help us welcome Stephanie to the iLevel family. Lisa Venetas is no longer with iLevel and we wish her well as she moves on from iLevel.

Stephanie has a passion for the organic, natural, and eco-friendly lifestyle and has worked as a manager and buyer for over 10 years at various health food stores. Stephanie started her journey towards a natural lifestyle in the late 90's, early 2000's. In 2006 she studied to become a Holistic Health Care Practitioner at Transformational Arts College in Toronto. Upon completing the program she started working at a local health food store and found that sales and promotion of the products/ brands within the industry were more suited to her and thus turned her focus towards working her way up the retail sector eventually achieving the management/buyer level.

Stephanie is excited to join the iLevel team as Account Manager for the GTA and share her passion with our clients. In her spare time Stephanie loves to read, especially historical fiction, breathe new life into old furniture by restoring with chalk paint thereby diverting it from landfill. She also loves gardening and golfing with her husband and son.

Stephanie will be attending CHFA Now Toronto, and she is eager to meet you all.

If you have any questions, please let us know.

Stephanie can be reached at:
scraig@ilevelmanagement.ca
C: 416-721-1913

Thank you,
