## Herbaland Sustainable Lifestyle Scholarship 2025

*Herbaland Opens Applications for the 2025 Sustainable Lifestyle Scholarship – Fueling the Changemakers of Tomorrow*

**Richmond, BC, April 2, 2025** – Herbaland is thrilled to announce that applications are now open for their Sustainable Lifestyle Scholarship, an initiative dedicated to supporting Canadian students who are passionate about sustainability, social impact, and making a difference in their communities. **With three scholarships of \$1,000 each**, this program recognizes high school and university students who are committed to living a sustainable lifestyle and inspiring others to do the same.

At Herbaland, we know that creating change isn't always easy, and it can sometimes feel discouraging to push for a better future. We want to remind young changemakers that their efforts matter. That's why we're excited to award students who are leading the way in sustainability — because their passion, persistence, and actions will shape the future. "Supporting Canadian students in their educational journey has always been an important part of Herbaland giving back to our community" says Aisha Yang, Co-Founder and CEO of Herbaland.

Applicants must answer five questions about their sustainable lifestyle, including their impact, personal goals, and favorite Herbaland sustainability initiative. Submissions can be in written or video format, and will be judged by a sustainability expert and Herbaland executives.

The scholarship is open to Canadian high school, undergraduate, or graduate students. **Applications are due June 30th**, with the winners being announced on July 25th. [Check out our 2024 winners here!](#) To apply and learn more, [click here to visit our website.](#)
